TRADE ONLY

Welcome to Adaptable Displays

Adaptable Displays is a trade only supplier, providing the graphic and print industry with 'Quality Display Solutions'. We understand that reliable relationships with suppliers is integral to achieving seamless results for your clients. As a supplier of innovative, cost-effective and exceptional quality hardware, you can be assured that your needs are our priority.

Through offering true value for money and exceptional client care, we have developed a formula for success.

We hope you enjoy perusing this catalogue and trust it will give you an extensive overview of our product range.

If you have any questions please don't hesitate to call one of our helpful sales team on 1800 994 115 or email sales@adaptabledisplays.com.au

We look forward to achieving great results on our journey with you.

WHY ADAPTABLE DISPLAYS?

Quality Products
We source leading edge products from quality international and local companies which enables us to always offer the best 'value for money' solutions.

Customer Care
We pride ourselves in listening and responding to your needs, providing exceptional care and hence delivering enjoyable customer experiences.

Product Range
Our extensive range of signage hardware ensures you deliver the right solution for your client. Our range of stocked products is continually expanding to cover your ever-evolving needs.

Easy Order
Orders can be placed online at any time, simply emailed or telephoned. We only supply to signage resellers - to apply for an account simply register on the website or call our office on 1800 994 115.

Fast Dispatch
We have Australia covered with nationwide delivery. In stock orders placed before 12pm will be dispatched the same day, ensuring you receive your orders promptly.

Warranty
All hardware comes with a complimentary one year warranty unless otherwise specified. Warranties do not apply to printing and graphics.

Warranties apply to hardware only, graphics and printing excluded. Minimum Order Value for dispatch is $100, excluding freight and GST. Pricing subject to change without notice. All prices exclude GST. E&OE.

Standard Metal Faced A-Frames

The popularity of the Standard Metal Faced A-Frame is a tribute to its effectiveness in the Australian market. It has removable metal faces to ease the application of the graphics, making it the most cost-effective A-Frame available.

Features & Benefits
- Double sided tape and screw fixing (or use supplied pop rivets)
- White powder coat finish on panels
- Textured black frame with handle
- Non-slip plastic feet
- 900x1200mm A-Frames have two wheels
- Twin stays for added stability
- 1 year warranty

Deluxe Metal Faced A-Frame

The Deluxe Metal Faced A-Frame is a functional and aesthetically pleasing market leader. It is a step ahead of the conventional A-Frame with a rivet-less front face and full width handle, creating a seamless finish.

Features & Benefits
- White powder coat finish
- Smooth steel frame with full width handle
- Non-slip plastic feet
- Panel is riveted to frame
- Twin stays for added stability
- Easily portable
- Overall height 1130mm
- Printable area: 600x900mm
- 1 year warranty

"We use the Deluxe Metal Faced A-Frames because of their brilliant aesthetic appeal and elite finish. In all the years we've used them, we've never had a complaint from our clients"

- Kane

How To Order Outdoor Flags

Follow our simple three-step process below to ensure a seamless and timely delivery. If you are still unsure, contact one of our friendly team members and we will be more than happy to help!

1 CHOOSE STYLE, SIZE AND PRINTING

Choose from our three different styles - Block, Bow or Teardrop.

Block flags are available in two sizes, and Bow and Teardrop flags are available in five sizes.

All of our flags can be printed single or double sided, with the option of different artworks on each side. Double sided prints have a block-out material between the two outer layers.

2 CHOOSE A BASE TYPE

Choose from eight different base styles to suit your application.

3 ARTWORK APPROVAL

Artwork must be supplied in PDF format at 1:1 scale using our templates. These can be downloaded from www.adaptabledisplays.com.au/templates. All fonts in the artwork must be converted to outlines to eliminate type issues that could affect the outcome of the flag.

Email your artwork to sales@adaptabledisplays.com.au and one of our team members will get your order underway!

> "Adaptable Displays look after all of our A-Frame, Bow Banner and Teardrop Banner needs. Their artwork templates are easy to follow and turnaround time is always prompt."
> - Tegh

Printed Block Flag Kits

Block flags are a fantastic attention grabber and perfect for brand awareness. There are multiple kit options available in two different sizes. Each size is available with single or double sided printing and templates for artwork can be downloaded from www.adaptabledisplays.com.au/templates

Features & Benefits

- High quality dye-sublimation print
- Easy to assemble black metal and fibreglass pole kit
- Carry bag for pole kit and flag print
- Choose from a ground spike, cross base or flat metal base
- Flag reprints available on request

Lead time:

Once artwork is approved and payment is received, standard production time is between 5 and 10 working days.

Design tip:

Dark colours fade faster than lighter ones. Where possible, design flags with lighter backgrounds to lengthen their lifetime.

Ritetack Instant Grab Adhesive

Ritetack is a superior quality instant grab adhesive, brilliant for all signage mounting applications. It is a single component MS polymer with extreme initial tack enabling you to mount signs without any unsightly fixings.

Features & Benefits
· Instant grab – no fixings needed
· UV, moisture and chlorine resistant
· Bonds to almost any material
· Huge installation time savings
· 290ml per tube (12 tubes per carton)

Application
Always apply Ritetack in vertical, parallel beads to ensure complete cure and optimum strength.

> "After using most of the glues on the market, I have found Ritetack to be the most efficient glue. Easy to use, fast & reliable and reduces time at the job site."
> -Mike
